The Learning Management System (LMS)

Teaching, learning and evaluation processes at SRM University Delhi-NCR are supported through a robust and comprehensive Learning Management System (LMS) implemented across all Faculties and Departments of the University. All aspects of the student life cycle, both academic and non-academic, are supported through the LMS with access to the students and faculty members through their individual login. The Institutional LMS that caters to the requirements of all stakeholders including students, parents, faculty strives to seamlessly integrate technology into the teaching learning process.

The LMS enables the faculty to seamlessly manage their teaching activities by making information about courses allotted, time- table, learning resources and evaluations accessible in just one click, making way for easy access to information and monitoring of the students learning.

The University Calendar with list of events and holidays helps the faculty in managing their session schedule assessments and organize the events.

Faculty can assign assignments to the students through the LMS. Details regarding the nature of the assignment, the type of assignment, the marks are disseminated to the students through the The faculty can upload the learning content in the nature of class presentations, audio and video files, research articles etc on the repository. The learning resources are accessible to the students at any time anywhere ensuing uninterrupted learning.
