SRM UNIVERSITY
Delhi-NCR Sonepat, Haryana

Foreword

Swami Vivekananda ji, the great saint of India, said: "Education is the manifestation of the perfection already present in man". But one needs a right place, guidance and opportunity to grow and come out with full potential. If a person avails the proper opportunity at the right time and place under the right guidance, he can "learn, leap and lead", and convert his potential into success so as to fulfil his dream. I am indeed very happy to introduce the SRM Group of Institutions to you, whose insignia inscribes "learn, leap and lead".

With New Education Policy-2020 in place, SRMUH is committed to provide outcome based learning and pedagogy, extensive use of ICT to the learners, holistic approach of interdisciplinary curriculum, research oriented programs with mandatory internships, hands on project based academic activities, continuous formative assessments leading to develop good human beings capable of rational thoughts and action, compassion and empathy, courage, scientific temper, creativity and imagination with ethical values.

Professor (Dr.) Paramjit S. Jaswal

Vice-Chancellor, SRM University Delhi-NCR, Sonepat, Haryana

Message from CoE

Assessment & Evaluation is a continuous process to establish mastery on a particular subject/ course/ programme and the grade card is a reflection of knowledge and skills acquired. It is indeed an evolving process which changes, with commitment and seriousness towards learning new skills, and acquiring more knowledge.

Controller of Examinations

SRM University Delhi-NCR, Sonepat is a completely ICT enabled university and the examination system is part of the ICT design. The following diagram represents the digital work flow of the entire examination system. The diagrammatic representation integrates ICT tools which have modernized the entire examination process. The automation of examination has led to improvement in the efficiency, optimum utilization of resources, remove of manual intervention, speeding up of error-free functioning mechanism while making the whole process transparent and digitalized.
