

Every Year National Technology Day is celebrated across India on 11th May. It was on 11th May, 1998, that India achieved a major technological breakthrough by successfully carrying out series of nuclear tests at Pokhran. Also, the first, indigenous aircraft "Hansa-3" was test flown from Bangalore on this day and India performed successful test firing of the Trishul missile on the same day. Considering the technological advancements, the then Prime Minister, Shri. Atal Bihari Vajpayee, declared 11th May to be celebrated as National Technology Day every year. Technology Day is celebrated as a symbol of quest for scientific inquiry, technological creativity and the translation of that quest in the integration of Science, Society and Industry. This day is also celebrated to honour technological innovations and their successful commercialization which takes the fruits of research to reach to people at large. Haryana State Council for Science, Innovation & Technology (HSCSIT) is coordinating the State level activities in connection with the observance of National Technology Day.

SRM University Delhi-NCR, Sonapat, Haryana (SRM Education and Research Institute) has been established under Haryana Private University Act, 2006 as amended by Act No. 8 of 2013. SRM University Delhi-NCR, Sonapat, Haryana aims to emerge as a leading world-class university that creates and disseminates knowledge upholding the highest standards of instruction in Engineering & Technology, Science, Management, Law, Science & Humanities. Along with academic excellence and skills, university curriculum imparts integrity and social sensitivity to mould university graduates who may be best suited to serve the nation and the world.

Come to SRMH, Enjoy the World Class Infrastructure!
