3rd International Conference on “Antimicrobial Resistance, Novel Drug Discovery and Vaccine Development: Challenges and Opportunities” on March 18 - 20, 2024 (Monday - Wednesday)
SRM University at a Glance

SRM Group of Institutions have 5 decades of legacy, 4 Universities, 7 campuses, 22 institutions and celebrated as one of the top ranking Universities in India with over 80,000 students and 5,000 faculty members. Based on sheer demand and greater accessibility, the need to establish a revolutionary campus in the national capital region paved way for SRM University, Delhi-NCR, Sonipat. The vision is to emerge as a leading world-class University that disseminates knowledge by adapting industry oriented pedagogy in Engineering & Technology, Management, Law and Science & Humanities at par with international standards. SRM University, Delhi-NCR was established under the Haryana Private Universities Act 2006 as amended by Act 8 of 2013. It is also recognized by UGC u/s 2(16) of UGC Act 1956, DSIR, AIU, ACU and approved by BCI. SRMUH was established with a strong focus on academics and research. A conducive research environment is the cornerstone of academic excellence and innovation. When academia and industry join forces within a university setting, the possibilities for groundbreaking discoveries and transformative projects become limitless. SRMUH provides world-class facilities as a good research environment begins with state-of-the-art laboratories, libraries, and research centers. We have diverse and talented research community of scholars, including professors, graduate and undergraduate students who bring a multitude of perspectives and expertise to the table. This diversity fosters cross-disciplinary collaborations and fresh insights.

The University prioritizes securing grants, endowments, and investments to create a conducive environment for research projects to flourish. Promoting collaboration both within and outside the university is essential. A good research environment is encouraged by partnerships with industry, government agencies, and other academic institutions. SRM University works closely with leading industries in designing its curriculum that makes the graduates and scholars industry ready. The strong alumni network across the globe is well knitted with the University in all their endeavors.

About the Conference

The conference will focus on antimicrobial resistance (AMR), including multi & extensive drug resistant pathogens, hospital acquired infections, host-pathogen interactions, infection and immunity, microbial pathogenesis, anti-microbial stewardship, challenges and opportunities in drug discovery & vaccine development against infectious diseases with special focus on TB, malaria, kala-azar, dengue, Covid-19, etc. The conference will pave the path to networking amongst the scientists for future collaborations to tackle the menace of AMR.
